---

Software Developer with a strong foundation in computer science and a passion for creating intuitive, user-friendly software. Proficient in Javascript, and experienced in developing both front-end and back-end applications. Committed to staying up-to-date with the latest trends and best practices in the field, and eager to continually improve and expand upon my skill set.

### TECHNICAL SKILLS

**Languages:** Javascript

**Skills and Tools:** Computer proficiency, communication skills, problem-solving abilities.

### PROJECTS

Salmon Cookies, Jan 20XX - <https://github.com/reedooooo/salmon-cookies>

- A theoretical client needed a website that could display sales data.
- Built from scratch using Javascript incorporated lists as data tables and forms for data input.

Odd-Duck-Products, Feb 20XX - <https://github.com/reedooooo/odd-duck-product>

- A theoretical client needed a website to sell products that could display sales data and user preferences.
- Built a chart using Chart.js and coded the rest from scratch. That included buttons and intelligent data organizing using images.

### EDUCATION

Seattle Academy of Arts and Sciences  
GED

Willamette University  
Two years of education in psychology
